

LGPOA ANNUAL MEETING MARCH 8, 2006

President's Report

- lake in good shape, ask that people keep dogs away from water, as bad for lake as phosphorous
- Termites are a problem with some houses on lake, be careful when building or mulching
- Could use some help on various committees, if interested next board mtg. is 3/15/06

-

Treasurer's Report

- Expenditures of a little over \$60,000 (see attached)

Beach and parks

- trees and shrubs trimmed and pruned
- parking lots graded and stones added
- could use donated perennials
- want to add a grub program to lawn maintenance
- took out trees
- looking into framing sand around playground on e. beach
- will have spring and fall cleanup
- discussion of permanent pavilion on e. beach, concerns raised: too expensive, vandalism, kids hanging out, graffiti, scheduling issues with parties. Proposal made to have no perm structure, Barb Hamm amended it to say no perm. Structure including a concrete slab. Amendment passed to not build.
- fencing on west beach showing age, motion to have board possibly replace fence denied

Lake

- lake will be tested to determine treatment in 2007
- change boat launch lock
- new beach passes coming
- water is high because pumps have been off
- board encourages members to help enforce beach/lake rules

Welcoming Committee

- 23 out of 25 filled

Building Control

- submit building plans to board
- call city police about boats, r.v.'s, etc. in driveways
